# ABOUT US

Established in 2014, Tamarindo Board Co. is a family run paddle and surf brand distributing boards, accessories and merchandise all over the United States.

Our distribution warehouse is in the Virginia Beach/Chesapeake, VA area. We offer boards for retail, wholesale, drop shipping and affiliate referral commissions. Our personal approach provides you with excellent customer service. We utilize a business model with low overhead and marketing costs to keep prices competitive and offer more value to our customers. We grew up surfing, paddling and swimming, and love to share our passion with others!

# POLYMER SHELL BOARDS

EPS foam core with fiberglass and an outer polymer shell which adds durability from impact and abuse. A great choice for beginners and rental/tour operators. Multiple tail and nose bungee tie downs for gear. A lower mid large tie down offers an attachment point for seats and coolers. Boards are 10'6" and some colors are 11'6".

White and light wood pattern shells offer the best color option to reduce heat absorption from sun exposure. Dark and Teak-wood pattern shells offer a beautiful faux wood finish.

# FIBERGLASS BOARDS

EPS foam core with multiple layers of fiberglass. Either Faux or real wood veneers. A great selection of All-Around boards perfect for flat water paddling, yoga, or small surf. Lighter weight than the polymer shell boards and multiple sizes to fit just about every paddler.

**Barranca**

**Hermosa**

The Barranca and Hermosa are faux wood veneer. The Barranca comes in blue or aqua stripes.

The Negra has a real bamboo veneer on the top and bottom deck with rail colors of white, blue, and aqua.

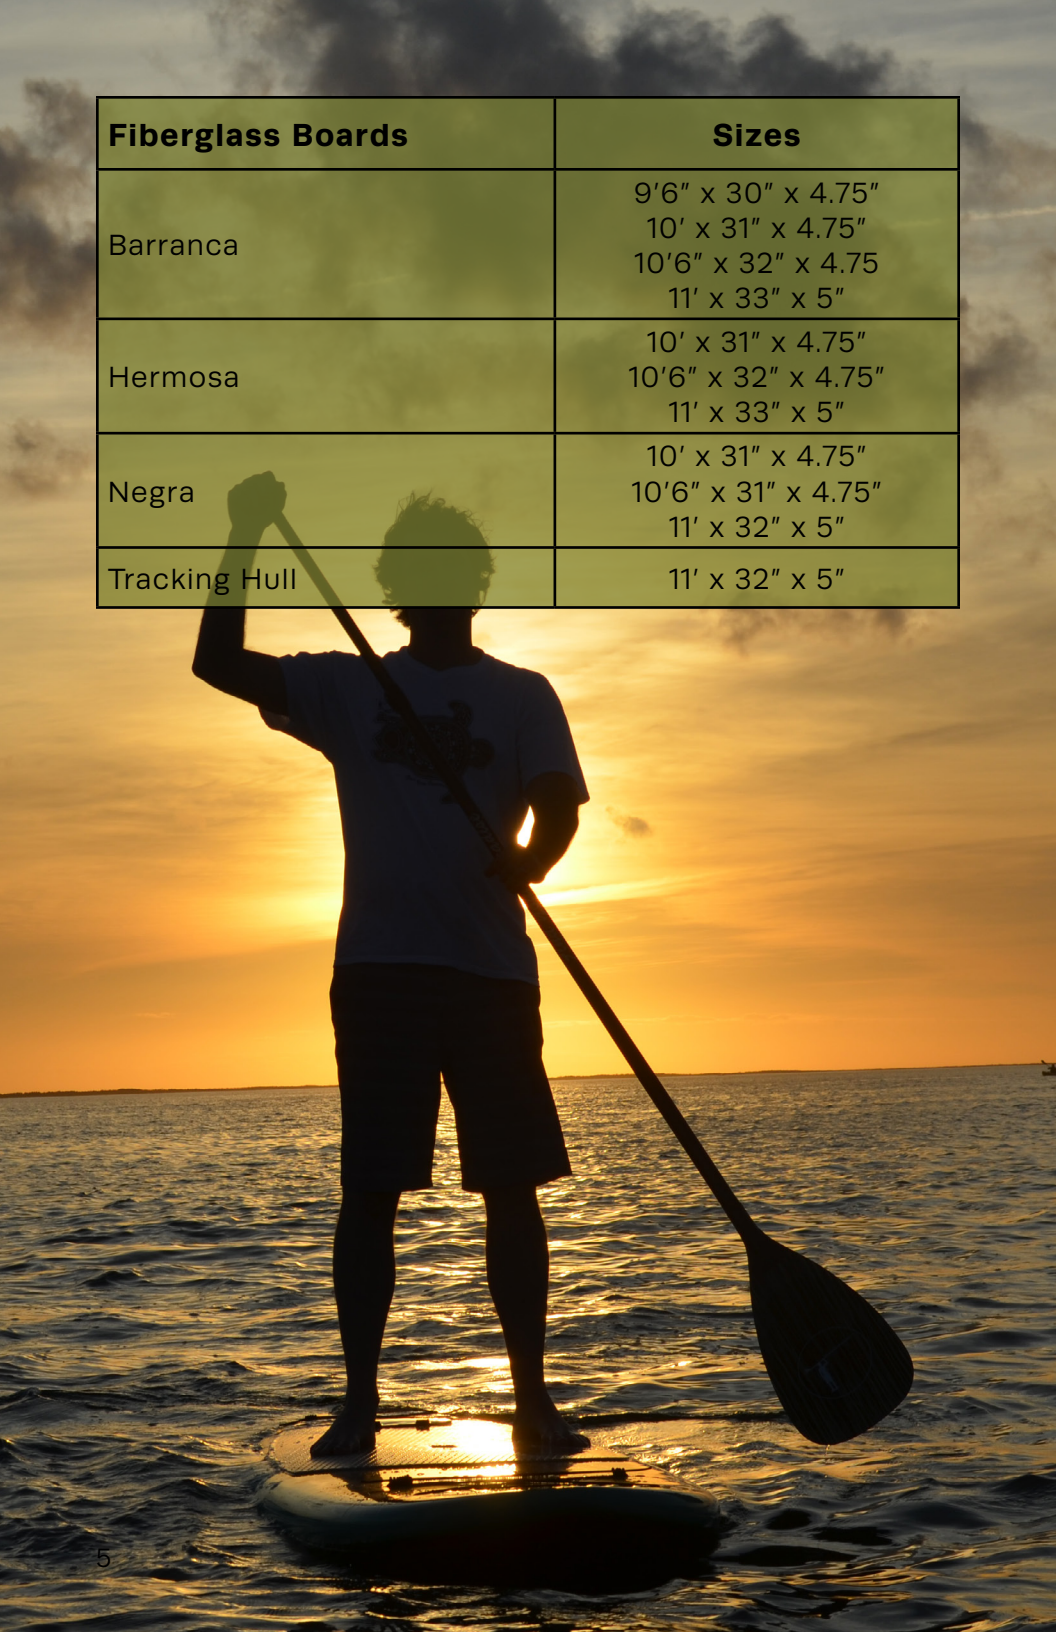

**Negra**

**Tracking Hull**

The Tracking Hull Board has a real wood veneer top. The Deep V shaped hull helps with tracking.

A person is silhouetted against a bright sunset over the ocean. They are standing on a surfboard and holding a long paddle. The sun is low on the horizon, creating a strong glow and reflecting on the water. The person's shadow is cast on the surfboard.

# PREMIUM BOARDS

EPS foam core with multiple layers of fiberglass, real wood veneers, Kevlar reinforced rails and carbon fiber reinforced deck (Marbella, Bruja, Jaco). Even lighter weight than our other boards for maximum performance and response. Multiple sizes to fit just about every paddler. Full carbon fiber boards are the lightest weight we offer!

The El Grande is a wide, large board with a paulownia wood veneer and oak nose and tail bocks. Reinforced carbon patch on the deck make this an excellent board for larger paddlers or for those that need extra stability.

## LED Boards

These boards have lights epoxied into the bottom and comes with a remote control to change the color and mode of the light display.
